

How to Setup the Library Link App on a mobile device

Document ID: MYLIB0006

Summary

Library Link is an app that can be installed on a mobile device to give you access to your school's Oliver Library system.

Using Library Link you can:

- Search the catalogue;
- Check your library messages;
- View your current loans;
- Visit the library home page;
- Display a list of new items in the library.

You set up Library Link by:

1. Downloading the Library Link app on your device.

Download from the Google Play Store or Apple App Store.

Or

2. Download by scanning the QR code displayed in My Library>Details, Library Link Setup.

Set up the Library Link app by scanning a QR code displayed in My Library>Details, Library Link Setup.

This guide will provide the steps required to download and set up Library Link on a mobile device.

You must be logged in to Oliver using your own login for the QR code to be correct; You should NOT allow other borrowers to scan 'your' QR code or they will see your library messages and loans instead of their own.

If Library Link will no longer access the library your code may have expired. Repeat the Setup procedure on your mobile device and scan the current QR code to renew your access.
